SPECIALTY COURT EVALUATION AND MONITORING
(AI-BASED PATTERN ANALYSIS)

eMoksha
A DATA SCIENCE COMPANY

At eMoksha, our experience working with AI and ML technologies enables you to discover untapped opportunities in Specialty Court data.

With data science as a service offering, we take powerful data mining algorithms, data visualization, and machine learning to find patterns in data, and turn them into actions on the ground.

WE HAVE ANSWERS TO THESE

- Why are some people failing to complete a program?
- What factors are contributing to the success or failure of a program?
- What actions are needed to have improved outcomes?
- Which programs are leading to better outcomes?
- Where do you need to optimize court programming?
- Do you know who in your staff has better/worse outcomes?
